

1. We need everyone's views

It is important that everyone's opinions are taken into account when community groups like the Parish Council are making plans for the future. Some of those plans depend on funding by bodies that require us to justify what the village needs in the coming years. As budget pressures on public services grow, we need to justify our local requirements based on evidence, not the opinions of a few.

Please take the time to complete this survey. It will help everyone in Easton on the Hill, and all responses will be kept confidential. Please only complete this survey once per household. Many thanks. Tim Nicol, on behalf of the Hub on the Hill and the Parish Council.
